

Sharath Chandra Chandrashekhar

Software Developer | React.js | Full Stack

+49 155 10323692 | sharath.workdev@gmail.com | linkedin.com/in/sharath-c1 | Munich, Germany

SUMMARY

M.Sc. Applied Computer Science student at SRH University Munich with 2+ years of professional experience building responsive, scalable web applications. Proven expertise in React.js, API integration, and full-stack development (MERN, Java). Experienced in leading frontend delivery as a team lead in startup environments. Passionate about clean UI/UX and delivering measurable performance improvements.

EXPERIENCE

Software Developer / React Developer

Sept 2024 – Mar 2026

AngoDigital Technology Pvt Ltd India

- Built responsive and dynamic UI components using React.js, ensuring consistent UX across devices.
- Integrated REST APIs and resolved production bugs to maintain application stability and performance.
- Led frontend delivery as Team Lead, managing feature planning, code reviews, and sprint delivery.
- Translated business requirements into clean, maintainable frontend code with measurable quality gains.

Java Full Stack Developer

Feb 2024 – Aug 2024

Global Quest Technology India

- Developed and maintained full-stack applications using Java, MySQL, and MERN stack.
- Ensured quality of releases through manual testing in Waterfall, Agile, and Scrum methodologies.
- Improved application performance through targeted backend and frontend optimizations.
- Authored test plans, test cases, and executed end-to-end test scenarios for major software releases.

MERN Full Stack Developer Intern

Oct 2023 – Apr 2024

Imarticus Learning Pvt Ltd Bengaluru, India

- Designed and built complete MERN stack applications from architecture through to deployment.
- Developed dynamic UI components and integrated RESTful APIs across the application layer.
- Delivered projects including an Adventure Booking Platform and a Restaurant Management System.

EDUCATION

M.Sc. Applied Computer Science

Apr 2026 – Present

SRH University, Munich, Germany Germany

Software Architecture, Advanced Databases, IT Security, UX Engineering, Mobile Computing, Intl. Project Management.

Bachelor of Engineering, Computer Science

Jul 2021 – Jun 2024

Sri Krishna Institute of Technology, Bangalore, India India

Data Structures & Algorithms, OOP, Operating Systems, DBMS, Software Engineering, Web Technologies.

PROJECTS

Smart Food Waste Reduction System

2026

SRH University – SDP Module Laravel · MySQL · JavaScript

- Built a full-stack web application using Laravel and MySQL to manage food inventory and reduce waste.
- Designed admin dashboards, user auth, and food management modules with real-time tracking features.

Drone Delivery Platform

2026

Academic Project Django · MySQL · Stripe · GPS

- Built a Django-based delivery platform with GPS tracking, QR code verification, and Stripe payments.
- Implemented role-based dashboards for admins, couriers, and customers with end-to-end testing.

SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Redux, Responsive Web Design

Backend & DB: Node.js, Express.js, Laravel, Java, MySQL, MongoDB

Tools & DevOps: Git, GitHub, Jenkins, Azure, Docker, Postman, REST APIs

Testing: Manual Testing, Test Planning, Test Case Execution, Agile/Scrum

Languages: English (Fluent), German (Basics), Hindi (Fluent), Kannada (Native)

CERTIFICATIONS

Cyber Security Ethical Hacking – EthicalByte

Advanced Data Analytics – Edunet Foundation / IBM

Full Stack Developer Pro – Imarticus Learning

React – The Complete Guide (incl. Next.js, Redux) – Udemy
